## Instructions

In 2001 ATTACH initiated a registration process for clinicians and agencies. The purpose of the registry is to:

- provide more credibility to the term “attachment therapist,”
- provide more credibility to your knowledge and attachment training (see information regarding required training hours below)
- give parents and other professionals, access to names of potential treatment agencies and clinicians
- allow parents and other professionals to contact you directly
- supply you with a support and communication network to exchange information and/or ideas

ATTACH believes that psychotherapy in general, and specialized attachment-focused therapy, in particular, requires a combination of a degree (ie., social work, psychology, counseling, marriage and family therapy or equivalent) that allows the clinician to practice in the jurisdiction in which they provide services, provides training in theories of human development and treatment approaches, coupled with supervised practice under the direction of an experienced and skilled clinician. To obtain registered status with ATTACH a clinician, or the lead clinician in a clinic, must be able to prove current clinical licensure (or equivalent in foreign countries; or sanction by a governmental entity that the person or clinic is legally able to practice within the jurisdiction), a minimum of 80 hours of clinical training in attachment, trauma, or related fields beyond the degree, acquired within the past 5 years (contact Chair of Registration committee for exceptions for teachers, trainers, etc.), supervision by clinician skilled in attachment-focused treatment, and possession of professional liability insurance. An applicant must also agree, in writing, to abide by ATTACH's policy and procedures as outlined in the *White Paper on Coercive Treatment, Attachment-Focused Therapy: A Professional Practice Guide* and other relevant ATTACH policies and documents.

As of July 1, 2002 only Registered members of ATTACH have been given as resources to inquiries for clinical services. In an effort to assist families and workers to make informed decisions, ATTACH will print your registration information on our website; and mail out this same information to those who make inquiries. If you wish to be part of ATTACH's resource listing of Registered clinicians and agencies, please submit the attachments outlined above. Requirements are subject to change. Please check the website prior to and during the application process.

Registering clinicians in private practice must submit the complete packet of information. Registering agencies must submit the complete packet of information about the lead clinician and all qualified staff (if applicable) who will be working with attachment clients. Those applying will be considered to have regular clinical status until the application has been approved.

Upon receipt of a complete application, your documents will be forwarded to the Registration Review Committee. Should the committee have any questions concerning your application the chair of the committee will contact you directly or through the ATTACH office. ALL RESPONSES to questions should be sent directly to the ATTACH office at [questions@attach.org](mailto:questions@attach.org). Your response will be included in your file and forwarded to the Committee for review. Once approved, you will receive a certificate in the mail, your information will be placed on the ATTACH website under the Resources section, and the

Registration Review Committee will destroy their copies of your registration application. The original application will be kept on file at the ATTACH office.

Qualifications and required documentation for registered status with ATTACH are subject to change without notice. All applications should be submitted electronically in their entirety. A service charge of \$50 will be assessed for applications sent by fax or mail.

### **Treatment Protocol**

√ Your Protocol will be put onto our website so we expect you to provide specific, complete, succinct descriptions that are family friendly.

**Philosophy:** In your own words, briefly describe your basic treatment principles and treatment approach regarding your attachment practice.

**Description of processes:**

**Intake/ Admission:** Describe your intake and initial assessment procedures including specific tools/ instruments used. Include when and how you would refer a client elsewhere.

**Assessment:** Describe how you assess your client's functioning and needs. Include what and how you gather historical information including:

- Social history
- education history
- attachment history
- intellectual & cognitive skills & deficits
- psychological history
- medical history
- family functioning
- treatment history
- developmental history
- diagnoses

**Treatment planning:** Briefly describe your treatment planning process; include a description of contracting when used; describe the client's role in planning.

**Treatment techniques used:** Use the *attached checklist* and explain as necessary.

**Safety/risk management plan:** Describe how you ensure the physical and psychological safety of your clients and yourself during treatment. Be detailed and specific to your practice and setting. See safety principles in ATTACH's *Professional Practice Manual* for guidance.

**Evaluation /outcomes/ follow-up:** Explain how you evaluate the progress of your clients; and how you track outcomes of your practice. If you have follow-up procedures, please describe; if you don't, describe why.

### **Renewal**

A registered member must submit necessary changes, corrections, additions, deletions to their protocol annually along with a copy of their license and malpractice insurance and a signed attestation form to maintain registered status. 10 annual CEUs are required for each registered clinician and each clinician in a registered agency, with proof of 30 credits being required during the 3-Year Review process. ***A full registration packet must be submitted electronically every three years to maintain registered status.***

### **Complaints & Appeals**

Applicants who wish to appeal the Registration Review Committee's decision may appeal to the Executive Committee of the ATTACH Board of Directors. The appeal must be in writing and

explain the basis for the appeal and the reason the applicant believes that an incorrect decision and conclusion was reached. All appeals must be received in writing at the ATTACH office within 60 (sixty) days of the date of notification to the applicant of the Committee's decision.

The Executive Committee will review all materials used by the Registration Review Committee as well as all materials submitted by the applicant in support of the appeal, and will render a decision within ninety days after all materials have been received and all relevant questions have been responded to by those involved.

**Association for Treatment and Training in the Attachment  
of Children**

---

**ATTACH Registration Agreement**  
**(To be completed by each qualified therapist in an applicant agency)**

Please check your understanding of and agreement to the following statements:

- I have read ATTACH's publications *White Paper on Coercion in Treatment and Attachment-Focused Therapy: A Professional Practice Guide*, and understand & agree to abide by ATTACH's:
  - Standards of Practice
  - Safety Principles
  - Basic Assumptions
  
- I understand if I fail to abide by these principles the ATTACH Ethics Committee may conduct an investigation, and could request my resignation from ATTACH or recommend another disciplinary action.
  
- I give permission to ATTACH to publish my/our name and treatment protocol on the ATTACH website.
  
- I give ATTACH permission to distribute my/our treatment protocol to inquiries for clinical services.
  
- I attest to the veracity of all statements made in my application.
