

# Pledge/Donation Form

Caregivers whose children have attachment problems face ongoing challenges. They need a high level of support and accurate information. That's where ATTACH can help. ATTACH provides regional one- and two-day trainings to help professionals learn more about attachment and how best to support and help families and children, and presents an annual national conference with workshops and networking opportunities for families and clinicians. We also host online support groups for parents and professionals and have created two seminal print resources, *Hope for Healing* and *The Attachment Therapy Companion*. Everything we do is aimed at supporting children and families, and

the clinicians and support staff who help families heal.

*Please help ATTACH help children and families. Because ATTACH is a 501(c)3 nonprofit, all donations are tax deductible to the full extent of the law.* Thank you for your continued support!
