

# Attachment & Trauma-Focused Therapy

80-Hour Certification

AUSTIN, TEXAS

March 10-14, 2020

## 40 Hours: Independent Distant Learning

In this initial phase, participants are expected to complete the set of required readings and watch the videos provided by the instructor.

## 40 Hours: In-Person Intensive Learning

Days 1–3, INSTRUCTION

The second phase includes direct instruction in the areas of attachment, regulation, trauma, maltreatment, and grief as well as the brain development inherent in these factors. Theory, research, model programs, techniques for intervention, transference, and counter-transference will be explored. Therapy tapes will be shown and analyzed.

Days 4–5, PRACTICUM

Emphasis on therapy skill development in which participants will incorporate attachment and trauma work into their practice models. Roleplays and case approaches will be discussed through practice with classic cases (ones representative of typical cases coming into a practice). Additional practice information will be supplied as it relates to classic cases.

**Participants must hold a Doctorate or Master's in psychology, social work, or other license in the mental health field.**
