

# Attachment & Trauma-Focused Therapy

## 80-Hour Online Certification Program

ATTACH is excited to offer this 80-hour training online via Zoom:  
July 31, August 5, 12, 21 & 28

### 80-Hour Certification developed by Deborah Gray MPA, LICSW

Author of: Promoting Healthy Attachments: Hands-on Techniques to Use with your Clients, Attaching Through Love, Hugs, and Play, Games and Activities for Attaching with your Child, Attaching in Adoption, and Nurturing Adoptions: Creating Resilience after Trauma and Neglect

#### 40 Hours: Independent Distance Learning

In this initial phase, participants are expected to complete the set of required readings and watch the videos provided by the instructor.

#### 40 Hours: Intensive Learning via Zoom

Days 1–3, Online Instruction

The second phase includes online instruction in the areas of attachment, regulation, trauma, maltreatment, and grief, as well as the brain development inherent in these factors. Theory, research, model programs, techniques for intervention, transference, and counter-transference will be explored

Days 4–5, Online Practicum

Emphasis on therapy skill development in which participants will incorporate attachment and trauma work into their practice models. Roleplays and case approaches will be discussed through practice with classic cases (ones representative of typical cases coming into a practice). Additional practice information will be supplied as it relates to classic cases.

**Mary-Jo Land**, Registered Psychotherapist

Mary-Jo Land is a Registered Psychotherapist in private practice in southern Ontario. She specializes in facilitating attachment and resolving trauma in children. She works in the adoption, child welfare, and war-affected communities. Mary-Jo writes and teaches extensively.

Her free video series on attachment, trauma, and parenting can be found at [maryjoland.ca/when-we-are-very-young](http://maryjoland.ca/when-we-are-very-young).

*Participants must have a Doctorate or Master's in psychology, social work, or other license in the mental health field.*

## Training Outcomes

1. Provide hands-on training by National Certification Program.
2. Eligible for one year ATTACH Registered Clinician Membership, which includes:
  - certificate of completion
  - listing on our website
  - referrals to your practice
  - other ATTACH benefits
